WORK EXPERIENCE

Laravel Developer (Intern)
TechSwivel

01/2024 - 04/2024   *Lahore*

Achievements/Tasks

- Designed and built intuitive admin dashboards with customizable widgets for efficient data management.
- Developed secure authentication systems, including multi-role authorization for granular access control.
- Seamlessly integrated Stripe API for secure online payments, customizing workflows for subscriptions and one-time purchases.
- Engineered efficient backend logic for core business processes, collaborating cross-functionally to deliver high-quality software solutions.

PHP Developer
Fun Plus Studio

05/2022 - 08/2022   *Multan*

Achievements/Tasks

- I primarily manage server-side logic, architecting and developing robust back-end systems using PHP and frameworks like Laravel.
- My responsibilities include designing and maintaining databases, integrating APIs, and optimizing application performance.
- I also manage the UI of the website to make it responsive and user friendly.

EDUCATION

BS Information Technology
MNS-University of Agriculture, Multan.

11/2019 - 11/2023   *3.58/4.00*

ICS
Govt.High School Shaher Sultan

07/2017 - 07/2019   *852/1100*

SKILLS

Laravel   PHP   SQL   OOP   Javascript

JQuery   CSS   Bootstrap   Git   Ajax

PROJECTS

Content Craft (02/2024 - 04/2024)
- Mobile app facilitating article creation through plan purchases, accompanied by a user-friendly dashboard for efficient user management.

Savvy Slice (12/2023 - 01/2024)
- Mobile app enabling seamless pizza ordering and order management for users, with company oversight facilitated through an intuitive dashboard interface.

Plantify (04/2023 - 05/2023)
- React.js and Laravel-powered web app using machine learning for precise plant identification and detailed information retrieval from user-uploaded images

Touchwon (05/2022 - 07/2022)
- A gaming dashboard enabling users to sell in-game coins for real money, offering seamless redemption options within the platform.

CERTIFICATES
