WORK EXPERIENCE

Laravel Developer
Viion Tech

04/2024 - Present — *Lahore*

Achievements/Tasks

- Developed and managed full-stack applications using Laravel and jquery.
- Implemented complete HRMS with features like employee management, payroll, and attendance tracking.
- Integrated ZKTeco attendance devices for real-time data synchronization.

Laravel Developer (Intern)
TechSwivel

01/2024 - 04/2024 — *Lahore*

Achievements/Tasks

- Designed and built admin dashboards with customizable widgets for efficient data management.
- Developed secure authentication systems, including multi-role authorization for granular access control.
- Seamlessly integrated Stripe API for secure online payments, subscriptions and one-time purchases.
- Engineered efficient backend logic for core business processes.

PHP Developer
Fun Plus Studio

05/2022 - 08/2022 — *Multan*

Achievements/Tasks

- I primarily manage server-side logic, architecting and developing back-end systems using PHP and Laravel.
- Designing and maintaining databases, integrating APIs, and optimizing application performance.
- I also manage the UI of the website to make it responsive and user friendly.

EDUCATION

BS Information Technology
MNS-University of Agriculture, Multan.

11/2019 - 11/2023 — *3.58/4.00*

ICS
Govt.High School Shaher Sultan

07/2017 - 07/2019 — *852/1100*

SKILLS

Laravel   PHP   SQL   OOP   Javascript
JQuery   CSS   Bootstrap   Git   React

PROJECTS

Vertex (08/2024 - Present)
- Employee and attendance management application (HRMS), integrating ZkTeco devices for attendance tracking and providing tools for efficient employee management and operations.

HBL Attendance Management System (06/2024 - 08/2024)
- Laravel-based system to manage employee attendance across HBL all branches, integrating ZKTeco devices for real-time tracking and exporting data into the HBL database for seamless operations

Motul (04/2024 - 06/2024)
- A Laravel and Jquery based admin dashboard designed to audit customer activities, including logins, visit tracking, session durations, time spent, and engagement metrics. The dashboard provides detailed insights into user behavior through secure data management and interactive visualizations.

Savvy Slice (12/2023 - 03/2024)
- Mobile app enabling seamless pizza ordering and order management for users, with company oversight facilitated through an intuitive dashboard interface.

Plantify (04/2023 - 05/2023)
- React.js and Laravel-powered web app using machine learning for precise plant identification and detailed information retrieval from user-uploaded images

Touchwon (05/2022 - 07/2022)
- A gaming dashboard enabling users to sell in-game coins for real money, offering seamless redemption options within the platform.
