WORK EXPERIENCE

Laravel Developer
TechSwivel (December 2023 - April 2024)

I work as a Laravel backend developer, specializing in creating backend logics, admin dashboards, API development, Stripe payment gateway integration, multi-role authentication, and Firebase integration

PHP Developer
Fun Plus Studio (May 2022 - August 2022)

I specialize in managing server-side logic, crafting robust back-end systems using PHP and frameworks such as Laravel. My role involves designing and maintaining databases, integrating APIs, and optimizing application performance. Additionally, I ensure the website's UI is responsive and user-friendly.
